We are amidst an unprecedented wave of direct, discriminatory attacks against LGBTQ+ people. This year, more than 400 anti-LGBTQ+ bills (<https://www.hrc.org/campaigns/the-state-legislative-attack-on-lgbtq-people>) have been introduced across state legislatures. This can, and must, change – Congress must act now to protect all Americans’ inalienable right to EXIST. The Equality Act, the only piece of federal legislation to explicitly affirm LGBTQ+ civil rights, can rectify and protect LGBTQ+ individuals from these attacks at the state level.

This is an issue of basic, constitutionally protected freedoms and protection from direct, discriminatory attacks against those freedoms. We elected our congressional leaders to ensure those basic rights were protected. Join us in demanding Congress pass the Equality Act and stop the denial of our freedoms.
